Career Experience

Motorcycle Group, formerly Westwood Group LLC, San Mateo, Bay Area   **2011 – Present**
Director of Technology

- Wrote custom code and researched options to solve problems, such as a simplified way for customers to email documents that would be automatically attached to their applications for processing.
- Creating data exports of origination data for data analysis to predict risk better.
- Developed and executed a comprehensive technology strategy, aligning technology with business objectives
- Specialized in providing solutions that improve customer experience and reduce costs. Automating manual processes in creative and innovative ways, like finding delinquent accounts to add to daily dialing lists.
- Collaborated with various departments to integrate technology solutions, improving efficiency and effectiveness
- Ensured the security and reliability of the company's technology infrastructure and systems
- Managed the technology budget and made informed investment decisions to maximize ROI and deliver cost savings

MGM Studios, Century City, Los Angeles   **2010 – 2011**
Director Web Development & Management

- Oversaw a group of developers and content publishers for all MGM websites, ensuring smooth workflow and high-quality user experience
- Migrated hosting setup to AWS, reducing monthly server costs
- Streamlined processes for marketing satellite sites and automated uploads to YouTube for copyright detection.

MGM Studios, Century City, Los Angeles   **2006 – 2010**
Lead Web Developer

- Migrated servers to PHP5 and integrated new features, providing support to micro-site vendors
- Successfully migrated mgm.com from JSP/Sybase to PHP/Oracle and a new host
- Doubled traffic within one year by developing stargate.mgm.com in PHP with a MySQL database

Additional Experience

Lead Web Developer, Impress Communications Inc., Canoga Park, Los Angeles
Senior Director of Technology, SoundBreak.com, West Hollywood, Los Angeles
Director of Technology, Ray Gun Networks, LLC, Santa Monica, Los Angeles
Senior Developer, Technical Manager, Spike Inc./Spike Radio, Inc. Sydney, Australia & LA
